Resolved Bugs

RAPD-14781 (ZD 64410, ZD 65304, ZD 65890) Error When Viewing Dependability History

This fixes a bug when location administrators were viewing an employee's dependability history. When clicking the Done button, it resulted in an error message being displayed. This has been corrected now so it returns the user to the Edit Employee screen.

RAPD-13761 (ZD 60769, ZD 64051) Search resulting in an 'Application Error' page for certain criteria

This fixes a bug on the Seach tab used by supervisors. There were scenarios when specific search criteria was entered that resulted in an error being displayed. The search function will now correctly return results in all scenarios now.
