

ARCOS Application Changes - Production 25.20

May 29, 2025

Changes will be deployed to QA on Tuesday, April 29, 2025, and Production on Thursday, May 29, 2025

Crew Manager Enhancements..... 1

Reporting on Data Imports 2

Crew Manager Enhancements

Reporting on Data Imports

What is changing:

ARCOS has added details of data imports to the Crew Manager Activity report. After clicking on a user’s details, you will be able to see the following data points related to the import:

- Who imported the data
- File name
- When the import started
- What point in time was selected for the import
- What options were selected (e.g. reuse key, Mobile Workbench Access)

Date <small>sort</small>	Action <small>sort</small>	Type <small>sort</small>	Description <small>sort</small>	PIT <small>sort</small>
04/28/2025 08:28:55	import	ImportData	Starting Data Import process of "C:\fakepath\CM import example.csv" by user: "Andres Avalos" at: 2025-04-28 10:28:55	None
04/28/2025 08:28:55	import	ImportData	Attributes = Reuse Crews: unchecked, Reuse Members: checked, Reuse Vehicles/Equipment: unchecked, Purge Existing Crew Assignments: unchecked, End Existing Vehicles/Equipment Assignments: unchecked	None
04/28/2025 08:28:55	import	ImportData	Attributes = , Retain Existing Attr Values: unchecked, Mobile Workbench Access: unchecked, Member Batch Size: 25	None

Who is involved:

All customers with Crew Manager will receive this update.

What you need to do:

No further action is necessary to implement this change.
